Unplanned is the inspiring true story of one woman's journey of transformation. All Abby Johnson ever wanted to do was help women. As one of the youngest Planned Parenthood clinic directors in the nation, she was involved in upwards of 22 000 abortions and counselled countless women about their reproductive choices. Her passion surrounding a woman's right to choose even led her to become a spokes person for Planned Parenthood, fighting to enact legislation for the cause she so deeply believe in. **Until the day she saw something that changed everything.** Please note this film is for mature audiences.

The NZ Catholic Bishops Conference give us Social Justice Week to consider Catholic social teaching on an issue of social justice in NZ. This year the theme for parishes is Fair, You Say?, Let us take this time to notice the inequity or injustice in our communities, then discern how to act in fairness.
